

July 2024 - For Immediate Release: Robert Calleja promoted to Director

Bargate Murray, the multi-award winning Luxury Asset Law Firm is delighted to announce the promotion of Robert Calleja (pictured left) to a Director at Bargate Murray with immediate effect.

Robert has a primary focus on private / corporate jet and superyacht transactions, providing advice to owners, operators and financiers, including in relation to financings (loans, security and finance leases), sale and purchase, charters and operating leases.

Quentin Bargate, Founder and CEO, comments:

"I am delighted to announce the appointment of Robert Calleja as a Director of Bargate Murray. This reflects Robert's hard work and commitment since joining the firm in 2023. I am looking forward to seeing Robert's continued positive impact in his new role and wish him the best of luck."

Robert Calleja, Director, comments:

"I am honoured and excited to announce that I have joined the board of directors at Bargate Murray."

I am grateful for the belief the firm has shown in me, first by my appointment as Head of Aviation earlier this year, and now as a Director. In that time the firm's aviation department, which focuses on private/business aviation, has grown from strength to strength, advising on multiple business jet sale and purchase and financing transactions. I'm confident that the upward trajectory will continue, as complemented by the firm's excellent superyacht team, with Quentin Bargate at the helm.

I look forward, as Director, in leading the aviation team to even greater success."

Note to Editors:

Bargate Murray is a world class law firm specialising in luxury assets, headquartered in Mayfair. It has been recognised in the Chambers and Partners High Net Worth Guide in consecutive years.

The firm has particular skills in Superyachts, Aviation, Litigation / Dispute Resolution, Insurance, and Commercial Law. The founder and CEO, Quentin Bargate, has over 40 years City law firm experience including 14 years as a partner and head of shipping in the top ten London law firm Simmons & Simmons prior to founding Bargate Murray in 2004. Quentin is also frequently appointed as an arbitrator in maritime disputes.
